THE Anglican Church Chronicle for February advocates more music in the church services. It also urges every British subject in the kingdom to pay the annual subscription of \$6 to the British Benevolent Society. An argument for increased benevolence is found in the fact that owing to the industrial depression some families will require to have their passages paid out of the country.

Mrs. Dillingham has issued her poem, "Diamond Head," originally contributed to the Paradise of the Pacific, in elegant souvenir style. It is printed in fancy letters, with illustrations interspersed, on heavy paper with brown ink. The souvenir is dedicated to Mrs. Carrie P. Beckwith, at whose suggestion the lines were written. "Diamond Head" can be had on application to the author, or at the Pacific Hardware Co.'s art store.

LATEST FOREIGN NEWS.

San Francisco, January 28th, per Barkentine W. H. Dimond.

A TILT AT PROTECTION.

In the House of Representatives, Washington, Jan. 21, Harvey of Oklahoma, from the Committee on Indian Affairs, reported a bill appropriating \$15,000 to complete the allotment of lands to the Cheyenne and Arapahoe Indians in Oklahoma.

In the discussion of this measure Simpson of Kansas had an opportunity to enter the arena of debate, and his remarks were listened to with great attention. He said that \$15,000 already appropriated had been squandered, but he was strongly in favor of the pending measure as it would allow settlers to secure homes. He turned his attention to the tariff, strongly denouncing the protective policy pursued by the Republicans.

"It had," he said, "brought disaster to the farmers [applause on the Democratic side] and they wanted to seek homes and begin life under a Democratic administration which, he hoped, would repeal the McKinley law and all kindred tariff laws, and bring prosperity to the country." The bill was then passed.

NATIONAL LAND MORTGAGE.

Washington, Jan. 21.—In the Senate to-day Stanford addressed the Senate in advocacy of his bill to issue \$100,000,000 in national notes and loan it on farm lands.

Mitchell asked Stanford whether under the proposed bill any large corporation that was a large owner of lands—the land grant railroads, for example—could not borrow up to one-half of the assessed value of their lands.

Stanford replied in the affirmative. Morrill inquired whether there was to be more than one place in each State where the money was to be lent by the Government.

Stanford said the idea was to have an agency of the Land Bureau in every large city and town of a State.

Morrill suggested that it would entail a very large expense, and Stanford replied that agencies would not be necessary in every State.

Peffer made a long speech in advocacy of the bill, which was then laid aside.

WATER Famine IN CHICAGO.

Chicago, Jan. 21.—The city is suffering from a severe water famine. The trouble extends over the entire city, including the suburbs, and is caused by the stoppage of the inlet pipes in the lake by ice. Private families, factories and business buildings are the greatest sufferers.

The elevators are closed down and fires are banked to prevent explosions of boilers. Business at the stock-yards in the great slaughter-houses is at a standstill and there is no water for the thousands of famishing animals in the pens. Strenuous efforts are being made to remedy the trouble and it will be but temporary.

The inlet at the water works at Hyde Park and Lake View was cleared this afternoon, and the pumps are now supplying water to those districts.

In North Chicago the city railway shops are closed and the schools have had to shut up and the breweries are much straitened by the scarcity of water.

The switching engines on nearly all the railroads in the city are in danger of having to stop operations for a lack of water, which would bring the movement of freight to a standstill.

BASEBALL LEAGUE.

Chicago, Jan. 21.—The Western League of Baseball Clubs was successfully organized to-day. The circuit will be composed of clubs from Kansas City, Milwaukee, Columbus, Indianapolis, St. Paul, Omaha and Toledo. James A. Williams of Columbus was elected President, Secretary and Treasurer, and L. C. Krauthoff of Kansas City counsel.

The constitution inaugurates several reforms, all emphasizing the equal standing of clubs, which are to consist of twelve men each. A few substitutes will be under orders from the Secretary, who is to select all players, and a committee will then arrange eight equal clubs and submit them to the league for approval. No club can sign or release a player. The salary limit of each club is to be \$12,000 for the season.

A STEAMER BURNED.

London, Jan. 21.—The British steamer Imperial Prince, from New York January 4th for Leith, has arrived at Portland. Captain Cox reports that on the morning of January 18th he saw a burning steamer, which later was lost sight of in the storm. He thinks her crew perished and she has undoubtedly gone to bottom.

DENSE FOG IN LONDON.

London, Jan. 21.—This city was to-day wrapped in almost an impenetrable fog, equal to that which prevailed at Christmas time with such serious results. Traffic was greatly impeded and so dark was it that it was necessary to use gas and electric lights generally throughout the city during the day.

INFLUENZA IN PARIS.

Paris, Jan. 21.—The hospitals of this city are crowded with patients suffering from influenza. The disease prevails in the most dangerous form throughout the city and the municipal authorities are making arrangements to convert available vacant buildings into hospitals.

GENERAL ITEMS.

Tangier, Jan. 21.—The tribal revolt in the vicinity of this city is subsiding, owing to the receipt of news by the rebels that the objectionable government will be removed by the Sultan.

Buenos Ayres, Jan. 21.—The trouble between the Governor of Mendoza and the Legislature resulted in a serious outbreak in which a number of persons were killed and wounded.

London, Jan. 21.—Twelve thousand shipyard helpers at Sunderland have struck against a reduction of wages.

Paris, Jan. 21.—The French Government has accepted Bulgaria's apology for the expulsion of Chadouine.

London, Jan. 21.—The Bank of England reduced its rate of discount from 3 1/2 percent to 3 percent.

Vienna, Jan. 21.—Archduke Francis Ferdinand, heir to the Austrian throne, is ill.

SCOTTISH THISTLE CLUB.

The failure of the Union Iron Works has hurt the Scottish Thistle Club not a little, in driving several members out of town with the prospect of more following. Yet the meetings are maintained with interest, brother Scots from ships in port aiding in "the good of the club."

Among these of late has been Mr. Smith, first officer of the Hawaiian bark Mauna Ala, who is a very facile pianist as well as a good singer. The club has lately received books for its library from Messrs. Lycett and Catton, a painting of Robert Burns from Mr. Thomas Lindsay, and chess board with men and checkers from Mr. H. R. Wood.

Votes of thanks have been passed to the donors. A colored portrait in costume of Mr. J. Lumsden, the sword-dancer, a Union Iron Works man who has gone to San Francisco, has been procured by the club. The club rooms on Merchant street are open day and evening to members and friends for reading, music, games, or quiet conversation. Weekly business meeting and concert Monday evening.

MOLOKAI RETURNS.

The steamer Mokoli which arrived last night brought the news of the elections on Molokai:

"MIZPAH"

Has become a word dear to the hearts of mothers. The "Mizpah" Valve Nipple is made of pure gum, will not collapse and prevents much colic because they admit air into the bottle as the milk is drawn out, thus preventing a vacuum being formed. Give the baby a chance to express his opinion. You'll very soon find out whether the "Mizpah" is a success or not.

We have an assortment of Davidson and Goodyear Nipples, also Rubber Rattles and Teething Rings, and Nursery requisites in general.

Every household should have a Hot Water Bag. We have some new ones and if used with ordinary care will last for years. Invalid Cushions can be used as "life preservers" on land as well as sea. Ours are for home service, and are the best in every way.

Rubber tubing from the diameter of 1/4-inch to the size of garden hose, which we sell by the foot or yard.

—We've lots of other rubber goods, and our Drug Store, you know, is the best place to buy them.

BEACH LOTS

FOR SALE!

THESE Lots, varying from one-half to seven-tenths of an acre, are advantageously situated, being just beyond the Park, and lying between the Diamond Head road and the sea. Government water is laid on along the front of these Lots on the road. The beach is of soft white sand, and the reef is famous for delicious fish of various kinds, which are free.

Of the ten original Lots Nos. 1 and 2 have been sold and 9 and 10 are reserved by the owner, Mr. S. B. Dole. The other six Lots are offered for sale at the upset price of \$800 apiece. When bids have been received for three or more Lots an auction sale will be held. Lot 3 has been bid for, leaving five Lots unappropriated.

The title is fee simple, and terms are cash, or one-half cash and the balance on mortgage at 8 percent for one or two years. Deeds at the expense of purchasers.

A chart of the Lots is on exhibition at my Salesroom.

These Lots are marked by corner stakes, giving the numbers.
